QUATRO METALES / ECUADOR

Haides Rio

ALLUVIAL DEVELOPMENT

PROJECT FACTSHEET | PREPARED 26 SEPTEMBER 2026

An alluvial gold project combining a practical excavation and gravity-recovery plan with a focus on rehabilitation in a historic mining district.

LOCATION	Río Pindo / El Oro Province, Ecuador
PROGRAMME	Volador Haides Rio
DEPOSIT	River sands and gravels / Alluvial gold
MINING CONCEPT	Open-pit excavation / Gravity recovery
PORTFOLIO ROLE	Near-term development

DOCUMENTED BACKGROUND

An excavation, washing and gravity-recovery concept has been described in company planning materials.

DEVELOPMENT FOCUS

Project arrangements, machinery and operational readiness.

NEXT STEPS

Confirm definitive arrangements and approvals, then coordinate mobilisation and commissioning.

No production start date is represented as achieved.

Source basis: Quatro Metales project planning and September 2026 editorial materials, as summarised on the company website.
