UNDERGROUND MINING EXPERIENCE

PROJECT FACTSHEET | PREPARED 26 SEPTEMBER 2026

An underground gold, copper and silver project in Ecuador's historic Zaruma-Portovelo mining district, and an important part of the company's operating experience.

LOCATION	Zaruma-Portovelo / El Oro, Ecuador
COMMODITIES	Gold / Copper / Silver
MINE TYPE	Underground / Polymetallic veins
REPORTED DEVELOPMENT	Approximately 1.3 km / Multiple levels
REPORTED PROJECT AREA	More than 50 hectares
PORTFOLIO ROLE	Underground mining experience

DOCUMENTED BACKGROUND

Company materials report approximately 1.3 km of underground development and previous small-scale mining activity.

DEVELOPMENT FOCUS

Processing availability and the relevant operating and licensing arrangements.

NEXT STEPS

Confirm the operating pathway and processing arrangements before publishing a production timetable.

Historical workings and operating experience do not establish current production or a mineral resource estimate.

Source basis: Quatro Metales published project overview and company editorial materials.

Company overview only. Not an investment offer or independent technical report. Plans remain subject to the relevant agreements, technical work, permissions and funding. Contact the team for current supporting information.
