QUATRO METALES / ECUADOR

Sabaleta

FLAGSHIP DEVELOPMENT

PROJECT FACTSHEET | PREPARED 26 SEPTEMBER 2026

Gold-bearing river terraces, a historical JORC technical foundation and a modular development plan in northern Ecuador.

LOCATION	Carchi Province / Northern Ecuador
CONCESSION	402338 / 3,380 hectares
DEPOSIT	Alluvial gold / Four terrace levels
MINING CONCEPT	Shallow open-cut / Gravity recovery
PORTFOLIO ROLE	Flagship development opportunity

DOCUMENTED BACKGROUND

2016 technical report and subsequent sampling provide the historical foundation for the project.

DEVELOPMENT FOCUS

Technical update, project participation and planning for staged development.

NEXT STEPS

Re-prepare the historical resource information and refine the initial mining and processing plan.

Historical resource information is subject to updating. Development depends on project agreements, funding and approvals.

Source basis: Sabaleta project memorandum, September 2026; 2016 JORC report and subsequent sampling, as summarised on the company website.

Company overview only. Not an investment offer or independent technical report. Plans remain subject to the relevant agreements, technical work, permissions and funding. Contact the team for current supporting information.
